

# Accelerated Reader Program

# Overview

Throughout the year, students are strongly encouraged to read and test on A.R. books. Each student will have an A.R. Goal based on their STAR Test result. The STAR Test will be administered once per nine weeks to maintain accurate reading levels and goals.

Scores for AR Test will determine points. Students must score a minimum of 70% in order to obtain full credit.

Students are encouraged to check their AR points often and to track their progress. The librarian will reward students for hitting AR point milestones during their library visit. Students who achieve their AR Goals for each grading period will be invited to the AR Party. At the end of the school year, students who have reached their AR Goal for all of the grading periods will be invited to the end of the year field trip.

Grading will be determined by the student's ELA teacher.

**1st 9 Weeks Ends – October 16th/2020**

**AR Party – Friday, October 23rd/2020**

**2nd 9 Weeks Ends – January 8th/2021**
